Ms. Marion Ruthardt, Sales Management  
CMB, Ltd. Mechanical Engineering Environmental  
Technology and Marketing  
Plabutscherstrasse 115, A-8051  
Graz, Austria

Dear Ms. Ruthardt:

This department has evaluated efficacy test data from CMB, Ltd. Mechanical Engineering Environmental Technology and Marketing, for approval of its Sintion 1.1 as an alternative regulated medical waste treatment system.

I am pleased to inform you that the Sintion is approved, pursuant to Public Health Law Section 1389-dd (1)(d) and 10 NYCRR Subpart 70-2, for use in the treatment of regulated medical waste. This approval is granted for the specific system used in your efficacy studies and should not be construed as a general endorsement of the technology employed, or any other unit or system. Any modifications to the system will require separate approval of the department and may involve further efficacy testing.

This approval does not relieve CMB, Ltd. Mechanical Engineering Environmental Technology and Marketing, or any person using your system, from obtaining any other approvals which may be required by other laws or regulations.

Sincerely,

Lawrence S. Sturman, M.D., Ph.D.  
Director, Wadsworth Center
